

PRICE: \$4,350,000

Tax Status: Not Paid Boat Ref: 9793065 Model Year: 2024 Location: Palma de Mallorca, ES

Delivery Hours only! - Here we have a virtually brand new Fleming 58 available for immediate delivery. This new yacht was handed over to its owners in April 2025 after being fitted out by ourselves and is now available for sale due to a change of requirements by its repeat Fleming owners.

This is a fantastic opportunity for someone to have a virtually new Fleming 58 for immediate delivery and to be on the water this season beating the long wait list for a new one.

This particular Fleming 58 has the conventional Fleming layout with the central passageway, owner's cabin forward and two good sized guest cabins. Installed with the MAN i6 800hp engines, Sleipner electric Bow and Stern thrusters, ABT Hydraulic fin stabilisers, Raymarine Navigation suite, Highfield tender and Flemings' latest

boat monitoring system from C-Zone.

Apart from jumping the queue for a new Fleming 58, this yacht also gives a significant price saving over a new one.

DIMENSIONS

Length: 19.9m **Beam:** 5.33 m / 17 ft 6 in

EXTERIOR GENERAL

HULL Solid laminate, commensurate for hull size, made in female mold. Black Gel coated boot stripe Vinylester resin used for outer laminations Full-length stringers and athwartships frames laminated over foam Simulated planking grooves Gel coated finish above waterline Five coats of epoxy barrier coat below waterline Two coats of Black Pettit 1088 GA antifouling paint Pettit Metal Etch Primer 6455/044 and Pettit Epoxy Primer 4700 and Pettit 1088GL Trinidad Antifoul used on underwater metals Integrally molded guard with stainless steel rub strip Keel extends below running gear Keel space filled and sealed across top FRP rudders with Aqualloy 22 Hi-strength stocks CE-approved stainless steel portlights Stainless steel keel shoe - 8 ft long (2.4m) Recessed I-struts in shaft pockets Fin cutters in front of stabilizer fins **CONSTRUCTION DETAILS**

DECK AND SUPERSTRUCTURE CONSTRUCTION

All parts made from molds.

Corecell Cored construction Cook gel coat "Fleming White" Vinylester resin used for outer laminations

EXTERIOR FEATURES

EXTERIOR Stainless steel trim around roofs, on forward teak cap rail, and guard Italian made exterior locks Hella LED navigation and anchor lights in accordance with relevant regulations Fixed transom wedge trim tab Stainless steel Fleming & "F" Logo on port & stbd forward roof supports Quickutter line cutters Exterior seating with EZ-Dri foam, Sunbrella upholstery, and mesh backs for drainage Groco serviceable exterior sea strainers AFT DECK AREA Cockpit with teak decking. Flush Powered lazarette hatch with hinge, gaskets, locks & gutters with drains Integral FRP Swim step, molded white non-skid surface. Stainless steel rub rail Storage locker in step on swim step Stainless steel telescopic swim ladder - can be deployed by swimmer Wide teak coaming around cockpit FRP skirt inboard of teak cap. Engine-room air intakes behind skirt and inside bulwarks Stainless steel ladder to flybridge with teak treads Sliding doors to salon - FRP with glass windows & weather strips Seadog style latches for doors Hot & cold shower fittings recessed on transom, with quick release shower head and flexi hose Saltwater 316 Stainless steel faucet

Fresh Water 316 Stainless steel faucet Smartplug Shorepower inlet 220v, 50A, (European model 230v, 32A) Overhead LED lights on dimmer (3) LED rope lighting under coaming skirt. Chocks at hull sides and transom. Deck scuppers piped out at boot stripe Hatch with stainless steel safety rail and steps down into engine room 316 grade stainless steel handrail across transom Integral seats in port and stbd aft corners with teak tops Courtesy LED "F" logo lights at steps up to salon Stainless steel chocks and two heavy duty cleats, on port and stbd sides Stainless steel chocks and heavy duty cleats on transom, port and stbd sides SIDE-DECKS Teak decking 316 grade stainless steel handrails along house-side Teak rail cap on bulwarks Bulwark doors opening inboard with barrel bolts Non-skid on top side of guard at boarding gates Stainless steel overhead LED lights. Two per side. Courtesy LED "F" logo lights at steps up to Portuguese deck Stainless steel handrails at side deck steps Stainless-steel grab rails over side deck bulwark gates port & stbd Steps to Portuguese Bridge deck with teak treads House side fixed windows with tinted, tempered glass and FRP frames Galley window sliding with tinted, tempered glass and FRP frame Three Hereschoff style stainless steel cleats/chocks per side recessed into bulwarks Fuel fill fittings for both fuel tanks in recessed boxes on Port & Stbd house side

Two Stainless steel chocks and four heavy duty cleats on port and stbd sides PILOT-HOUSE DECK LEVEL Portuguese Bridge Teak rail cap Locker doors in aft face of Portuguese bridge, access to large vented storage with Dri-Deck flooring 316 grade stainless steel handrail around forward side of pilothouse 316 grade stainless steel handrails at side of pilothouse Port & Stbd Sliding aluminum pilothouse doors port & stbd with weather seals in stainless steel channels Teak decks Hinged doors through Portuguese bridge to foredeck - port & stbd Individual screen wash and heavy duty self-parking wipers on windshield Clear, tempered 8mm glass, in forward facing windshields Pilothouse windows are fixed and have FRP frames Inward opening doors on Portuguese Bridge side decks port & starboard Stainless steel Fleming "F" logo's on forward roof supports port & starboard Black water tank suck-out deck fittings on port and stbd sides Two stainless steel fender tie fittings on port and stbd sides Galley cooktop and microwave vent FOREPEAK Chain locker Divider for port & stbd anchor chains Watertight collision bulkhead Forepeak drains directly overboard. Bitter end fittings Hatch scuppers High gloss poly paint finish Overhead LED light Forward Shorepower circuit breaker

Dri-Deck flooring Hinged sole boards FWD DECK Beige color non-skid deck Cabin trunk with white non-skid finish. Drained and vented storage lockers. Hatch lids with gaskets CE approved stainless steel hatch/skylight for forward cabin Teak rail cap on bulwarks increasing in width going fwd Stainless steel stanchions to support stainless steel handrail Stainless steel oval handrail Deep deck lockers either side of anchor platform with white non-skid finish on lids FRP anchor platform with molded white non-skid finish and two sets of rollers Two 24v DC Maxwell RC12, windlasses with pendant control, and control panels at both stations (P/H & F/B) 300ft (91m) length of 7/16" (12mm) Stainless-steel Grade 60 German chain 100Lbs (45kg) Stainless steel Ultra Anchor with stainless steel Ultra swivel Ultra chain hook with strop (for securing anchor when stowed) Two stainless steel chocks and four heavy duty cleats on port and stbd sides 316 grade stainless steel pulpit. Welds ground and polished. Foredeck LED "F" Logo courtesy lights at deck level Hatch to forepeak Smartplug Shorepower inlet for 220v, 60Hz, 50A, (European model 230v, 50 Hz, 32A) Socket for Plug-in windlass control Saltwater 316 stainless steel faucet inside foredeck lockers Fresh water 316 stainless steel faucet inside foredeck lockers Deck drains plumbed to boot-stripe to prevent black streaks FRP forepeak vent Teak burgee pole **FLYBRIDGE**

Lexan venturi with stainless steel rail & stainless steel base track Steering console with engine and thruster controls Stidd double helm seat with folding footrests, adjustable fore/aft position Electronics console with black Formica panel Touchscreen for FFM monitoring system including MAN engine instrumentation Ritchie Compass with light & dimmer Hypro Electro/Hydraulic steering with destroyer-type stainless steel steering wheel Fire system repeater alarm Flybridge cushions on settees and helmseat using EZ-dri foam with Sunbrella upholstery and mesh backs for drainage Perfix snaps for attaching cushions L-Settee stbd side with high seat backs Beige color non-skid deck Satin teak table with Hi-lo and sliding stainless steel pedestal on stbd side Straight settee port side with high seat backs Hella LED navigation lights in accordance with relevant regulations Kahlenberg D-330 Air horn with twin trumpets, P449-25 Compressor/reservoir, V-149K 24v Solenoid valve Two Mastervolt 20-amp 24v to 12v DC-DC converters with 12v battery back-up system. FRP Radar arch with LED overhead lights Stainless steel railings with mid safety rail Stainless Steel safety gate between flybridge and boat deck Dri-Deck flooring in storage areas and under seating ABT TRAC-LINK color touchscreen control panel for stabilizers Stainless steel safety rail by sliding hatch Low level courtesy LED lights with "F" logo **BOAT DECK** Integrally molded beige non-skid on deck Integrated deck drains with gutter system

316 grade stainless steel handrails.

Removable mid-rail on port side for liferaft deployment

1,000 lb capacity Steelhead ES 1000 davit with powered telescopic boom, luffing, hoisting and rotation, with radio remote control

Hinged hatch to cockpit ladder

GFCI 110v AC outlet (European model 230v AC, outlet RCD protected)

Fresh Water faucet (316 Stainless steel)

Stainless steel saddles for tender cradle (supplied loose)

Aluminum plate inside deck for tender tie down at bow

Pre-wiring for aft facing 24v DC LED flood lights, aft end of boat deck Port & Stbd

Cabinet aft of port settee for storage or installation of optional appliances (BBQ, Fridge or Freezer)

Stainless steel flagpole holder on aft flybridge rail

Teak flagpole with internal stainless steel reinforcement

LAZARETTE

Steering gear

Hypro Marine hydraulic power pack with primary, back-up, and autopilot steering pumps, on anti-vibration mounts with FRP drip tray

Deck and hatch scuppers

Hull finished with gloss white polyurethane paint

LED Overhead lights

320 gal (1,211 liters) Fresh Water tanks. 2 pcs polyethylene tanks with sight gages

Aft shorepower inlet circuit breaker

Smoke Detector

Two Isolation & voltage boosting transformers for shorepower

Automatic AC controller

Starboard platforms and sole boards with stainless steel lifters

Dual 24v DC Gianneschi Fresh water pumps, pressure regulator, and flow sensor

Fresh water system (debris) filter

Fresh water tanks drain valve, with protective cover Fresh water tanks isolation valves Submersible bilge pump High bilge alarm Arctic steel strainer for watermaker ENGINE-ROOM Bow thruster Main Switch panel and fuse Seatorque M4 BOSS (Bolt on shaft system) - an enclosed, oil lubricated, self-contained shaft and thrust bearing assembly. Hinged covers over Seatorque cardan shaft and universal joints Fire retardant FRP fuel tanks (2). Solenoid operated sight gages on fuel tanks Equipment platforms Anti-vibration soft mounts for double mounted genset 230v, 13.5Kw, 50 Hz Onan eQD genset with sound shield and combined muffler/water separator for exhaust NIM module for genset - allows genset data to be displayed on FFM Monitoring System Groco seacocks for main engine seawater inlets Arctic Steel raw water strainers for engines, gensets, aircon, and all seawater intakes Main engine exhaust system with exhaust chambers and by-pass on transom Engine room heat extraction blowers (2) Heavy duty sound insulation covered with perforated aluminum Engine access hatches locked down on gaskets Fire suppression system with automatic engines/genset/blowers' shutdown Automatically closing fire dampers on air inlets and discharge vents Heat detectors (3) Smoke Detector Bilges painted with gloss white polyurethane paint

Sole board covered with Lonseal vinyl.
Sole lifters stainless steel
Fresh water coiled hose
Submersible bilge pump
Sump pump
High bilge level alarm
Start/stop buttons for both engines
Lube oil pumps (2) for engines, transmissions and generator
DC LED lighting
GFCI electrical outlets 230v AC, outlet RCD protected
Kahlenberg Horn Compressor
Lithium Ion house battery bank
Automatically controlled battery box fan
255 A/H port engine/genset starting battery bank – 2 pcs Lifeline GBL-8DL
255 A/H stbd engine/genset starting battery bank - 2 pcs Lifeline GBL-8DL
Drip pans underneath main engines
Lead foam sound insulation
Starboard platforms and sole boards
Airtight FRP door with dog down latch and viewing port
Air-conditioning compressors
Gianneschi 24v DC high capacity sea water pump
Balmar MC-624 alternator regulator with house battery bank temperature sensor
Two 24v Mastervolt 15-amp battery chargers, one for each engine/genset battery bank.

INTERIOR

INTERIOR

Three staterooms, two heads with central passageway, Washer & Dryer to stbd, stbd cabin with up/over berths, port

cabin twin (or queen) and master cabin forward with queen berth. Access is from salon.

Hanging lockers lined with teak Insect screens for all opening windows, portlights and skylights Mobella interior door locks Cruisair reverse cycle air-conditioning with remote compressors and Qht controls All cabins pre-wired for intercom/phone system LED mood rope lighting behind valances, stairs and settees LED overhead lighting throughout Teak joinery with satin varnish hand-rubbed finish throughout Teak and holly sole throughout - hand-laid solid timber (not plywood) Light fixtures to have polished stainless steel finish Interior locker door handles with polished stainless steel finish Interior bulkheads feature sandwich construction with lead foam sound insulation Headroom 6' 6 1/2" (2.0m) minimum throughout Synthetic leather headliner Interior bulkheads lower half teak, upper half Synthetic leather - grey AC outlets and light switches to be Vimar brand with graphite grey faceplates All drawers constructed with dovetail joints Cabin & Head doors with gaskets SALON Fixed windows in house sides Opening window in galley with removable insect screen Sliding doors at aft end Spring loaded barrel bolts to allow phantom screen installation Medium grey tinted, tempered, glass. Wood window blinds with teak retainers

Pre-wired for intercom/phone system Teak valance over windows with LED rope lighting Overhead LED light fixtures on dimmers Access hatches to allow for engine removal Synthetic leather headliner - grey CO detector Upholstered L-Settee FRP sandwich with honeycomb composite sole Air-conditioning Aft bar cabinet with icemaker Sconce lights with shade Entertainment center, teak cabinetry & lockers full length from galley refer to aft bulkhead, with powered TV lift Vertical handrails at top of stairs to accommodation GALLEY Undermount stainless-steel double sink Insinkerator waste disposal Convection microwave oven with cooktop overboard vent Three burner Miele flush mount induction cooktop Removable stainless steel potholders for cooktop 20.5 cu ft side by side refrigerator/freezer Swivel faucet with removable spray head Overhead LED lighting Slide out trash bins Four Drawers with guides and stops **Overhead Cabinets** Air-conditioning Duplex AC GFCI outlets 230v AC, outlet RCD protected

SYSTEMS

SYSTEMS

STEERING

Hypro Marine ECS Electronic Steering with electronic helm units at Pilothouse and Flybridge.

Hydraulic Power-pack with on-demand variable speed primary pump, 24v DC reversing back-up pump, and pre-plumbed 24v Autopilot pump in lazarette

Shielded power supply cables

Rudder angle indicators at pilothouse and flybridge station on FFM Monitoring System

Back-up steering control panel with dedicated rudder angle indicator in pilothouse. Separate power supply and control for backup steering Destroyer wheel at flybridge and in pilothouse Pilothouse steering wheel has teak grips FRP rudders with Aqualoy 22 stocks Rudder tubes extend above waterline ENGINE CONTROLS Electronic engine controls with troll, and synchronizer at pilothouse and flybridge. Back up engine controls system in pilothouse (gear and throttle) MACHINERY Twin MAN i6-800 HP Common Rail Engines Twin Disc Marine transmissions with electric shift and troll valves Stabilizers - ABT TRAC 7.5 Sq. Ft fins with winglets and 250 model actuators, hydraulically operated locking pins, hydraulically driven sea water cooling pump, and two color touchscreen control panels (P/H & F/B) Sidepower SE250 15.5 HP (11.4 Kw) bow thruster with Sidepower Main Switch unit and jog lever controls at each station 4-blade (NSP) Nickel Aluminum bronze propellers Recessed I-struts in shaft pockets Rubber Design adjustable soft engine mounts Underwater exhaust and internal water-lock muffler system Seatorque M4 BOSS (Bolt on Shaft System) Fleming First Mate (FFM) central monitoring system with Boning 15" color touch-screens in Pilothouse and Flybridge see Systems for full description FUEL SYSTEM Fuel filters. Racor 75/1000MAX Duplex with vacuum gauges for main engines MAN Primary fuel filters with water-in-fuel sensors for main engines Racor 500MA fuel filter for generator Two FRP fuel tanks made of vinylester and fire-retardant resins and with a fireproof exterior coating Total fuel capacity 1,450 USG (5,489 Liters)

Sight glasses on both fuel tanks with solenoid operated (push button) safety valves Fuel tank sumps and drains with shut-off valves on all tanks Fuel management panel for engine/genset supply return selection Remote emergency fuel shut-off device for both tanks Electric fuel priming pumps for both main engines Pressure type fuel tank level sensors connected to FFM System PLUMBING SANITARY Tecma toilets, white color. Toilets flush to FRP holding tank with level indicator Toilet flushing with Seawater or Freshwater. Anti-odor filters on holding tank vents Port & Starboard 165 USG (625 Liters) Black water tank Tank level indicator and pump control on FFM Monitoring System Plastic lined pressure accumulator tank Black water tank suction deck fittings port and stbd side Black water tank seawater flushing system, with self closing safety valve Gianneschi heavy duty 24v black water discharge pump Sealand T24 backup black water discharge pump Black water discharge seacocks with position indication - prevents discharge pumps running if valves are closed FRESH WATER SYSTEM 320 USG (1,211 Liters) total in two polyethylene tanks, with drain and isolation valves. Sight glasses on water tanks Dual 24v DC Gianneschi Fresh water pumps, inlet filter & flow sensor 20 USG (75 Liters) Torrid water heater with 220v AC heating element and heat exchanger coil, drain & pressure release valves.

Heat exchanger system and circulation pump for heating domestic water from port main engine via heat exchanger, circulation pump runs automatically when engine is running

Fresh Water 316 Stainless-steel faucet on foredeck, flybridge and cockpit Fresh

Hans-Grohe interior faucets

Whale brand plumbing

Fresh water coil hose in engine room

Pressure type level sensor connected to FFM monitoring system

Thermal expansion tank

GREY WATER SYSTEM

Head basins and showers drain into two Johnson grey water sump/pump collector boxes and automatically discharge overboard

SEA WATER SYSTEM

Gianneschi 24v DC seawater pump and strainer

Saltwater 316 Stainless-steel faucet on foredeck, and cockpit

Sea water flush line connected to black water tank, with self closing safety valve

Whale brand plumbing

Arctic steel intake strainers for main engines, generator and sea water system

Sea water pump auto shut-off safety function

BILGE SYSTEM

3 pcs 3,700 GPH Rule electric bilge pumps with auto/man control

Manual bilge pump for engine room bilge compartment

High level bilge alarm switches in lazarette, engine room, and forward bilge using USS type bilge pump/high level alarm float switches (3) connected to FFM Monitoring System

Bilge counter on FFM Monitoring System records number of times bilge pump runs

Forward bilge sump pump – Whale Gulper

Engine room bilge sump pump – Whale Gulper

ELECTRICAL

ELECTRICAL - AC

Onan eQD generator, single phase, in sound shield, double mounted on anti-vibration soft mounts, with NIM module 230v, 13.5Kw, 50Hz

Remote distribution panels.

Dedicated inverter compliant AC panel Remote controlled and monitored circuit breakers Digital meters (volts, amps, watts and frequency) and circuit breakers as required Two shore inlets one forward and one aft connected so as both can be used simultaneously (European model has two 230v. 50Hz. 32A inlets) Two Isolation & voltage boosting transformers for shorepower Automatic AC Controller for shorepower/genset AC outlets throughout boat. GFCI type in heads, galley, engine room and exterior Vimar AC outlets with Graphite Grey Silk Faceplates Inverter, European model is 3000 watts, 230v 50 Hz Inverter bypass system Inverter remote control panel in pilothouse. Approved Marine Grade Tinned copper wire Hinged panels for serviceability ELECTRICAL - DC Main ships system 24v DC. Three isolated 24v battery banks Automatically controlled battery box fan 255 A/H port engine/genset starting battery bank - Two Lifeline GPL-8DL 255 A/H stbd engine/genset starting battery bank- Two Lifeline GPL-8DL 105 Ah 12v Backup battery – Lifeline GPL-31T 12v DC provided via two 24v-12v DC-DC, 20 amp, converters & back-up battery system located on flybridge Remote controlled Battery master switches operable from Pilothouse, also allows paralleling of battery banks Two 24v Mastervolt 15-amp battery chargers, one for each engine/genset battery bank. Engine/genset battery banks also charged by MAN engines original alternators DC load distribution panels with remote circuit breakers, sub panels as required

Outback Flexnet DC House Battery Bank Monitor shows voltage, state of charge and current flow in & out of house battery bank – info displayed on Mate remote panel in pilothouse and on central monitoring system

Fleming Yachts Construction (HK) Ltd.

Two Delstar 200 amp, 24v heavy duty, brushless, auxiliary alternators with Balmar MC-624 external regulator, and battery temperature sensor

Approved Marine Grade Tinned copper wire

Hinged panel for serviceability

Vimar light switches with Graphite Grey Faceplates

LED lighting and dimmers

ELECTRICAL - BONDING

Copper strap and buss bars or cable connecting all thru-hulls, underwater fittings, pulpit and flybridge rails – (equipotential bonding system)

Zincs on transom (2)

Copper strapping system in engine room, flybridge and pilothouse for SSB radio counterpoise

FLEMING FIRST MATE - MONITORING SYSTEM (FFM)

Touchscreen located in Pilothouse

Touchscreen located on Flybridge

4.3" color touchscreen repeater located in Master Cabin

Home page with "Ready for Sea checklist"

Digital switching of AC & DC loads, with feedback and status monitoring

SMS remote alarm system sends text messages. (requires SIM card)

Remote control panel located in Stidd seat arm rest

MISCELLANEOUS OUTFIT

eFIT – (Electronic Fleming Information Tablet) all technical documentation is supplied on an Apple iPad including, a comprehensive Owner's Manual with system descriptions, schematics, wiring diagrams, product manuals and equipment list. An iPad storage slot and charging device is provided in the pilothouse overhead console.

Propsmith – All new Fleming's are equipped with a Propsmith tool which can be used for simple, trouble-free installation and removal of the propellors. The PropSmith is both a prop puller and a prop pusher, with no risk of damage to the prop.

Cruisaire reverse cycle air-conditioning throughout using REU model quiet blowers and Qht controls

Trudesign composite seacocks on all through hulls at or below waterline

Groco seacocks for main engine seawater inlets

Sika-Flex deck Caulking

5/8" thick teak deck

CONSTRUCTION STANDARDS

European - Built to CE-RCD Category "A" Ocean Standard using the relevant ISO standards.

Australia - Australian Standard 1799.1-2009

DISCLAIMER

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

FYE DISCLAIMER

Fleming Yachts Europe Ltd normally only acts as a broker for the Vendor who, unless otherwise stated, is not selling in the course of a business. Whilst every care has been taken in the preparation of these particulars the correctness is in no way guaranteed and they are intended as a guide only and do not constitute a part of any contract. A prospective buyer is strongly advised to check these particulars and where appropriate, and at his own expense, to employ a qualified marine surveyor to carry out a survey and/or to have an engine trial conducted which if conducted by us shall not imply any liability for such engine on our part.
